NA-DRU-CO

Published by
National Drug and Chemical Company
of Canada, Limited.

Greetings

We take great pleasure in presenting to the people of Canada the third edition of **NA-DRU-CO ALMANAC**. We bespeak for it the same hospitable treatment extended to former issues. We have endeavored to make this year's almanac still more useful to the people. A large amount of very useful information will be found scattered through the book, and the memorandum pages will be found invaluable to farmers

and others who desire to note the dates of important events during the year. A most useful plan is to note the temperature each day for the year. This record can be kept year after year and comparisons made. Other notes, such as dates of first snow-fall, when spring rain, when seeding commences, when navigation opens, due dates of promissory notes and other items can be kept, and besides being useful as a matter of record, will, in years to come, be of great interest. These memorandum pages will be continued in future issues of this almanac.

The testimonials found in this year's issue are mostly new. We have several hundred such letters from friends of **NA-DRU-CO** all over Canada and regret it is impossible to include them all in these pages, but we hope in some future issue to find room for these expressions of gratitude. We take this opportunity

of thanking the hundreds of people who have been good enough to write us in such flattering terms of the merits of **NA-DRU-CO** goods.

Wishing all a Merry Christmas and a happy and prosperous New Year,
We remain, yours truly,

A WORD ABOUT NA-DRU-CO

We regret very much there is not room in this almanac for a more complete description of the great merits of NA-DRU-CO Toilet and Medicinal Preparations. The very high standard which NA-DRU-CO Toilet articles have attained and the splendid results following the use of NA-DRU-CO Medicinal Preparations, deserve that more space should be given to making known their qualities to the public, but we must content ourselves with the pages at our disposal, and ask every one into whose hands this almanac may come to make a personal trial of these splendid preparations.

NA-DRU-CO goods are purely a Canadian enterprise backed and guaranteed by a purely Canadian Company, but they appeal to the Canadian public, not because they are so backed or because they are purely a Canadian enterprise, but because their merit deserves a fair trial. The fact should not, however, be overlooked that the company behind NA-DRU-CO is one of the largest wholesale drug houses in the world, having a paid up capital of five million dollars, and such a company would not risk their reputation or chance of business success unless they were perfectly satisfied that NA-DRU-CO goods possessed the elements of success, and no success has ever been attained in the sale of toilet and medicinal preparations without merit.

Another feature of NA-DRU-CO preparations is the fact that we always advise our friends to consult physicians with respect to the use of these goods. We are willing to send to any physician or druggist a list of the ingredients in any preparation, feeling sure that they will pronounce it beneficial for the ailments for which it was prepared.

Since the last NA-DRU-CO Almanac visited your home, we have been gratified by the large number of testimonials we have received in favor of NA-DRU-CO preparations. Besides these, doctors, druggists and others who take an interest in goods of this kind speak highly of their appearance and intrinsic worth.

NA-DRU-CO, THE ALL RED LINE TO HEALTH AND HAPPINESS.

NA-DRU-CO ATLAS

IMPORTANT NOTICE

During last summer we distributed in the cities and larger towns a most interesting book called NA-DRU-CO ATLAS. As there are no public distributors in the smaller towns, villages, and country places we have reserved a large number of these Atlases for private distribution to any of our friends who have not been lucky enough to get one. A letter or postcard will bring you one free.

The Atlas gives the Coat of Arms of Canada and all the provinces in color, and maps of Europe, North America, the British Empire, the Dominion of Canada and all the provinces. It also gives the population under the census of 1901 of Canada, of each of the provinces, and of all the principal cities and towns in the country, also a space is left in which can be written the population of each as determined by the census taken during the past summer.

Other information of great value to every one will be found in this interesting book.

The Atlases are free. Write for one.

SPECIAL NOTICE TO OUR FRIENDS

Our friends will do us a favor and save themselves loss and inconvenience by emphasizing Na-Dru-Co (pronounced Na-Dru-Ko) when asking dealers for any of the preparations mentioned in this almanac. By simply asking for tooth paste, talcum powder, laxatives or any other preparation, dealers may not be quite sure what you want. Ask every time for "Na-Dru-Co Tooth Paste," "Na-Dru-Co Laxatives," etc., etc.

A GREAT FAMILY MEDICINE

The best LAXATIVE ever offered the people is the NA-DRU-CO LAXATIVES. By looking at the color plates you will see that they are put up in a flat tin box, which is very convenient to carry in the pocket when travelling and is equally convenient in the medicine box or on the shelf at home.

A great many people cannot swallow pills, others cannot take purging liquids, but almost every person can eat confections. NA-DRU-CO LAXATIVES are little tablets and taste like sweets. They do not contain aloes, podophyllin, mandrake or any of the old kinds of purgative drugs. The active principle is new, is not nauseous, is pleasant to the taste and most efficient in use. Taken as directed they produce free and complete evacuations without pain or discomfort.

They are best taken at bedtime but can be taken whenever convenient. They do not disturb the digestive organs and have no bad after-effects and are most highly recommended in any case where children, ladies or gentlemen require a painless evacuant.

The NA-DRU-CO LAXATIVES overcome all the objections to the old-time pills and powders and sickening purging draughts.

Constipation is a very insidious disease doing a lot of harm unconsciously. It is also one of those diseases that can be made permanently worse by getting temporary relief. Some medicines purge away the natural secretions of the bowels so that normal action becomes more difficult of restoration. NA-DRU-CO LAXATIVES, on the other hand, move the bowels gently and in a mild way stimulate the secretions and keep them stimulated. Everything considered NA-DRU-CO LAXATIVES are the best family medicines sold in Canada. Read what people say about their use.

Mrs. J. A. Dawson, 88 Balfour Ave., Brantford, Ont., says: "NA-DRU-CO LAXATIVES are all that can be desired. They are as pleasant as a candy to take and are absolutely free from griping or pain, also thoroughly reliable."

Mrs. Peter S. McLean, Gardner Mines, writes as follows:—"I have found NA-DRU-CO LAXATIVES to be a sure cure for constipation and biliousness."

Mrs. W. Watson, Stayner, Ont., writes: "I have used NA-DRU-CO LAXATIVES and found them very beneficial and pleasant to take."

Mabel E. Griffin, Watertown, Ont., says: "Without any exception NA-DRU-CO LAXATIVES are the most satisfactory medicine of the kind I have ever taken."

Mrs. D. J. Ross, Arkona, Ont., writes: "I cannot speak too highly of NA-DRU-CO LAXATIVES. As my baby is troubled with constipation I find them both healthful and pleasant to take. The baby cries for them and I would not be without them in the house."

The time-pieces below give at a glance the difference in STANDARD TIME at various places in Canada, and the points where the time changes. It will be seen that when it is noon at Halifax and St. John it is only 8 A.M. at Vancouver.

Mrs. L. McG. Stevenson, The Parsonage, Milton, N.S., writes: "I take pleasure in testifying to the excellence of your NA-DRU-CO LAXATIVES. They proved a boon to me during a nursing period which gives them a welcome place in our household."

Master Harold E. Robertson, son of Dr. Robertson, of Dominion City, Man., in a letter of April 23rd, 1910, states: "My father, who is a graduate of Edinburgh University, Scotland, and Manitoba College, and in practice here, recommends your NA-DRU-CO LAXATIVES, also your Dyspepsia Tablets to his patients and in every case these have given the greatest satisfaction."

Mr. Theo. Bedard, of Lac au Sables, writes to say that he has used NA-DRU-CO LAXATIVES and has found nothing better or more agreeable for constipation.

NA-DRU-CO LAXATIVES are made in tablet form like this:

They are as pleasant to the taste as candy.
They are very mild in their operation.
They leave no bad after effects.
They are a sure cure for Constipation.

The use of NA-DRU-CO LAXATIVES is absolutely void of pain or other disagreeable effects in operation; they act by slightly increasing the secretions, and stimulating the bowels to healthy action.

People subject to Chronic Constipation, Sick Headaches, Biliousness, Dizziness, Sour Stomach, or any other bad condition of the Stomach, Liver or Bowels will find these Laxatives the very best, as they are the pleasantest remedy ever made.

Any class of people, who find it necessary to take some mild laxative regularly, will find NA-DRU-CO LAXATIVES just the thing wanted.

Pills producing violent action or other purges, advertised or otherwise, generally do more harm than good by creating irregular habits, to say nothing of the purging pains and inconvenience.

MOTHERS NURSING

A very important thing for mothers to know is the right kind of medicine to take while nursing baby. Nearly every known laxative affects the baby also. We positively guarantee NA-DRU-CO LAXATIVES to be free from this objection. This important point has been demonstrated by mothers who have tried them, and we are authorized by them to positively state to the public this good news. This additional point of merit makes NA-DRU-CO LAXATIVES the most valuable laxative and general family medicine to be had anywhere.

NA-DRU-CO ILLUSTRATIONS

In this Almanac we give colored cuts of forty-one NA-DRU-CO PREPARATIONS. They give a general idea of what Na-Dru-Co goods look like. As there are about one hundred and twenty-five different Na-Dru-Co lines, we cannot illustrate them all in this Almanac, but the cuts we do give show fairly well the color and style of the whole line.

The kind old gentleman was watching the small boy struggle along under a large bundle of newspapers.

"Don't all of those papers make you tired?" he inquired.

"Naw, I don't read 'em," replied the lad.

WHY TWO LINES FOR THE SAME THING

Some of our friends ask us why we make two or more NA-DRU-CO preparations for the same ailment. For instance we have NA-DRU-CO Baby Tablets, NA-DRU-CO Soothing Powders and NA-DRU-CO Soothing Syrup—all for baby teething and other infantile troubles. These are all made from practically the same medicine, but as some mothers or nurses like to give it in syrup, others in tablet form and still others in powder form, we make them to suit all. The same can be said of Worm Syrup, powders, lozenges and sticks.

A TOILET GEM

Na-Dru-Co Tooth Paste

In the long list of Na-Dru-Co preparations none has become so universally popular as NA-DRU-CO TOOTH PASTE. It is safe and economical. It is a great mistake to assume that because a tooth paste or tooth powder makes the teeth white that it is a good article to use. You can very easily make your teeth pearly white by using such an article as, for instance, dilute Muriatic Acid, but in a few days the teeth would commence to crumble and would finally be destroyed. A great many tooth pastes and tooth powders contain hurtful ingredients and, therefore, should not be used. On the other hand, NA-DRU-CO TOOTH PASTE whitens the teeth beautifully, and instead of being hurtful, preserves the teeth and keeps them in a healthful condition.

NA-DRU-CO TOOTH PASTE was not made in a day. It is the result of study and was submitted for examination to leading dentists and other experts who pronounce it absolutely innocent, at the same time a beautifully flavored toilet article and most efficient.

NA-DRU-CO TOOTH PASTE is a tooth saver and a tooth cleaner combined. Its constant use will whiten the teeth as quickly as it is safe and will keep them white. It will give better all year round satisfaction than any other tooth paste or powder. It corrects acidity, prevents decay, keeps down accumulation of tartar, sweetens the breath and keeps the teeth beautifully white.

It is now made in two flavors and two colors, pink and white. The white is flavored with mint and is manufactured to suit the taste of a great many people who like this flavor. The tooth paste itself is, however, the same.

You can get this matchless Tooth Paste anywhere in Canada. Its sale has been enormous. Ask for the Na-Dru-Co kind and take no other. You will easily recognize it as the Na-Dru-Co Trade Mark is on the package. It is only 25c, and we feel sure if you try it once you will never buy anything for your teeth except NA-DRU-CO TOOTH PASTE.

Mrs. Allan Perry, of Camden East, writes a very instructive letter as follows: "Your Tooth Paste surpasses any article I have ever used. I find that tartar accumulates under the gums and every six months this has to be removed, leaving the gums very sore. At Christmas I had the tartar removed and have been using NA-DRU-CO TOOTH PASTE ever since with great results. It seems to heal the gums and draws the gums to the teeth. The tartar does not form again. It also cleans the teeth perfectly and sweetens the breath. By continuing its use I hope to bring my gums back to their natural state."

Miss Rose Shrive, of 130 Queenston St., St. Catharines, Ont., among other things states: "Having found such great pleasure with your Tooth Paste, I think it only my duty to express my pleasure to you and the public."

We take the following from a letter written by Miss Ilaweesse, 25 First St., Kingston, Ont.:

"I have found NA-DRU-CO Tooth Paste to be the best I ever used. It cleans away all tartar, ensures healthy gums and leaves a pleasant taste in the mouth."

Miss Kathleen Riley, of 71 St. Paul St. W., St. Catharines, writes as follows:

"I have taken Iron in liquid form and my teeth were badly stained. One day I saw a NA-DRU-CO advertisement, so I tried the Tooth Paste and found it to be excellent. It removed the stains and made my teeth stronger and healthier than they ever have been."

Miss Emily Stewart, Paris, Ont., writes.

"Four months ago I was greatly annoyed at the colour of my teeth and nothing that I used seemed to make them any whiter. A friend advised me to use NA-DRU-CO Tooth Paste as it had kept her teeth white. I was rather doubtful but at last bought a tube with most wonderful results, and now I will use nothing else."

Mr. Edgar Niles, Stratford, Ont., writes:

"Although I have used many tooth pastes, both American and Canadian makes, yours is the best yet. It cleans and polishes the teeth and leaves a pleasant taste in the mouth, is convenient to use and imparts a delicate and

lasting perfume to the breath. The flavor lasts and there is no waste at all, making your paste one of the most economical ones on the market."

Mrs. Ross Houston, Dresden, Ont., recommends NA-DRU-CO Tooth Paste as the best she ever used.

Miss Eva L. Sarty, Bridgewater, N.S., in quite a long letter makes this statement:

"NA-DRU-CO Tooth Paste is very economical and convenient to use on account of the ribbon mouth of the tube. I would recommend it to all who wish to clean the teeth without injuring them."

Miss Ethel Bateman, Dalhousie, N.B., writes us as follows:—

"It gives me much pleasure to state that I have used your NA-DRU-CO Tooth Paste and found it highly satisfactory. The flavor is pleasant and the cleansing quality is excellent."

T. W. Whiteside, 277 Walker Rd., Walkerville, Ont., finds NA-DRU-CO Tooth Paste "most satisfactory."

Miss Ada Shelter, Strathcona, P.Q., writes to say that NA-DRU-CO Tooth Paste is satisfactory and she is sure all who use it will say so.

Mrs. Geo. E. Ross, 492 Sherbrooke St., Winnipeg, writes us to say that she finds NA-DRU-CO Tooth Paste superior in cleansing property to any other tooth paste on the market.

STUDY THE WHOLE LIST

NA-DRU-CO Goods are not cure alls. When you read on the label of any medicine that the contents of the bottle will cure every ill the human body is heir to, you can put the whole thing down as a fraud. NA-DRU goods are specifics for certain ailments. See list commencing on page 54 of this Almanac. Every article has been tested thoroughly. We have hundreds of testimonials recommending NA-DRU-CO

A TASTELESS COD LIVER OIL

The raw cod liver oil is a very disagreeable thing to take, but it has long been regarded as one of the best medicines in the world for incipient consumption, colds, loss of voice, nervous debility, insomnia, palpitation of the heart, scrofula and other chronic diseases. The NA-DRU-CO Tasteless preparation of Cod Liver Oil not only overcomes the disagreeable taste of raw cod liver oil but it has incorporated other ingredients such as Extract of Malt, Extract of Wild Cherry and the Hypophosphites of Lime, Soda, Potassium, Iron, Manganese, Quinine and Strychnine, all combined to make a tasteless preparation of Cod Liver Oil unsurpassed as a remedy for the diseases above referred to as well as a tonic and system builder.

NA-DRU-CO TASTELESS COD LIVER OIL

is the happiest combination ever invented for weakness, due either to constitutional causes or to recent disease. During convalescence no preparation ever put on the market can produce the same good effect as NA-DRU-CO Tasteless Cod Liver Oil. It is a most perfect system builder, flesh producer and tonic; while it is the nearest approach to a specific in pulmonary diseases, it is the most reliable remedy for constitutional and lingering diseases such as rickets, scrofula, predisposition to tuberculosis, constitutional weakness of the digestive organs and nerves, failing mental faculties, premature old age. It is also of the highest value for people who are in fairly good health, but who are susceptible to colds and coughs during the winter months. One or two bottles of NA-DRU-CO Tasteless Cod Liver Oil taken during the autumn will positively protect all such patients against troubles of this kind. Thousands of apparently robust persons have been known to carry a heavy cold for months. This saps vitality and clips a certain number of years off their lives. This condition should not be allowed and it positively can be prevented by the timely use of this peerless preparation called NA-DRU-CO Tasteless Cod Liver Oil.

This preparation is for sale all over Canada in large bottles of \$1.00 and smaller bottles at 50c. A cut of this preparation will be found among our colored illustrations. It is well to get acquainted with its appearance so that frauds can be detected and imitations avoided.

We have received a great many letters from people all over the country who have used NA-DRU-CO Tasteless Cod Liver Oil. We are not able to publish all these letters but we give a few extracts as follows:—

Mr. Angus McDonald, Englehart, Ont., says "I gladly testify to the merits of NA-DRU-CO Tasteless Cod Liver Oil. I was very weak, nervous and in a rather run down condition and this preparation suited my case exactly. After using two bottles I felt like a new person. It built me right up."

B. W. Hughes, Parrsboro, Ont., writes: "I was sick about two months this winter and I took your preparation of NA-DRU-CO Tasteless Cod Liver Oil and it helped me right away."

Theodore M. Rosenthal, 738 City Hall Ave., Montreal, writes:—

"Having found NA-DRU-CO Tasteless Cod Liver Oil beneficial to my three children and readily as well as eagerly taken by them as also by myself, I have much pleasure in testifying to this effect, and recommending NA-DRU-CO Tasteless Cod Liver Oil as the most nutritious tonic that any one of the most delicate taste can take."

H. M. Emary, 547 W. Wellington St., Toronto, writes:—"I have taken several bottles of your NA-DRU-CO Tasteless Preparation of Cod Liver Oil and I truthfully believe it to be a splendid remedy. I have taken three large bottles and it has done me a lot of good."

Jerome Hall, Barnston Cor., Que., writes:—"I feel sure I have received many times the worth of my money in the relief I have obtained by NA-DRU-CO Tasteless Cod Liver Oil."

We wish to state here that NA-DRU-CO Tasteless Cod Liver Oil preparation is not recommended to supersede doctors' medicine nor do we recommend that the physician should be dispensed with. On the contrary, it is well for patients who feel themselves sufficiently ill to take advantage of the physician's skilful diagnosis and treatment, but where physicians are out of reach or in cases where the use of NA-DRU-CO Tasteless Cod Liver Oil is clearly indicated and clearly understood by the patients themselves, we, without any hesitation, recommend this priceless preparation as the best of the kind ever offered to the people.

Ask any druggist or doctor about NA-DRU-CO Tasteless preparation of Cod Liver Oil. Extract of Malt, and Hypophosphites are fine nutritious tonics. Cherry Bark is an expectorant and slightly sedative. These scientifically combined with Cod Liver Oil which has been long known as the richest and best flesh builder, combine to make NA-DRU-CO Tasteless Cod Liver Oil a perfectly reliable remedy for run down people. For Grippe, during coughs and colds or any other period of low vitality there is nothing better.

PRONOUNCE IT NA-DRU-KO

We find some of our friends have trouble pronouncing the word NA-DRU-CO. It is one word and pronounced NA-DRU-KO. Some of our friends ask for National Drug Co. Talcum or Dyspepsia Tablets, etc. This is not necessary, as NA-DRU-CO is much shorter, besides the long name is not the right name. NA-DRU-CO is registered at Ottawa as a trade mark and is therefore a legal name. Get the habit of calling for NA-DRU-CO.

NERVOUS PEOPLE

A good sound nervous system is necessary to every person who desires to get on in the world. A vigorous nervous system also wards off disease and successfully combats many of the vicissitudes which constantly beset the human family. Many people who of necessity are compelled to engage in strenuous employment, such as school teachers, ministers, brokers, business men of all kinds, very frequently find themselves at the "end of their nerves" so to speak. In such cases it is necessary to have a nerve tonic or nerve builder and such a preparation is provided in

NA-DRU-CO NERVOZONE

People who have to endure the strain put upon them by social conditions or exhaust themselves by overstudy, brain worry and are subject to sleeplessness, nervous dyspepsia, listlessness or lack of energy, will find NA-DRU-CO Nervozone just the remedy they require.

A great many people are troubled with what may be termed as Fag; no particular pain or suffering, just a played-out, run-down condition. The time to take NA-DRU-CO Nervozone is during this fag period. It keeps the nerves in their proper condition, strengthens them and enables the patient to come out of the fag period without serious trouble. If this precaution is not taken and nervous prostration comes on accompanied with insomnia, neuralgia, palpitation or partial paralysis there is no remedy we know of equal to NA-DRU-CO Nervozone. It is therefore not only a preventive but a cure.

School teachers, especially lady teachers, generally by the end of their term find themselves low down in nervous activity and the holiday is always looked forward to not only with pleasure but with anxiety. Every school teacher should take Nervozone regularly, and during vacation weeks should have it constantly with them so as to be prepared for the new duties when school opens again. NA-DRU-CO Nervozone is a nerve food, it supplies the waste, builds up the system, giving the patient a new lease of life.

Mrs. Ogden Wilson, of Welland Port, Ont., writes us as follows:—"I have been troubled with bad nerves for some time, and having seen NA-DRU-CO Nervozone advertised I concluded to try it. I have used it a short time with perfect satisfaction."

Martin W. McKinnon, of McAdams Lake, N.S., writes:—"I consider NA-DRU-CO Nervozone the best remedy and tonic I have ever tried and I heartily recommend it to others who are in need of a good tonic."

Miss Emma B. Ramsay, Niagara Falls, in a letter says:—"I have used NA-DRU-CO preparations for some time and have received great benefit from them, but I can specially recommend NA-DRU-CO Nervozone, which I have used with great success. After suffering for some years with my nerves and trying different remedies with no good results a friend advised me to give NA-DRU-CO Nervozone a trial and the benefits I received were wonderful."

The Senate

The Senate of Canada consists of 87 members, divided as follows:—Ontario, 24; Quebec, 24; Nova Scotia, 10; New Brunswick, 10; Prince Edward Island, 4; Manitoba, 4; Saskatchewan, 4; Alberta, 4; British Columbia, 3.

Senators must be natural-born subjects of His Majesty, or become naturalized.

They are appointed by the Governor-General; and the appointment qualifications are a minimum age of thirty years, and a property qualification of \$4,000.

Miss Florence Henry writes as follows:

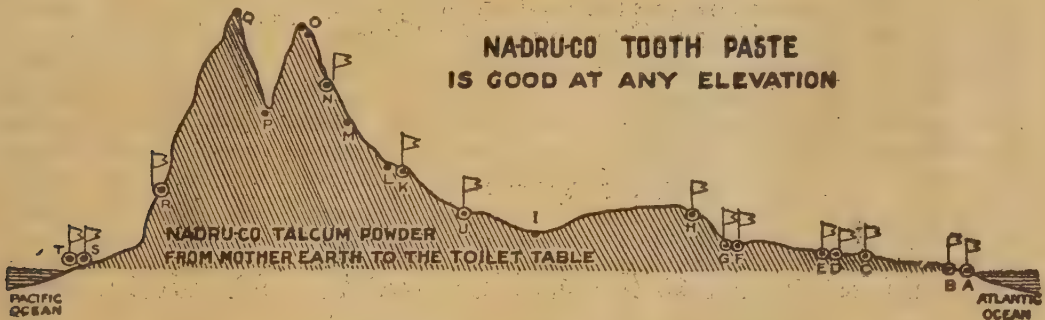

"I take pleasure in telling you of the benefits I received from the use of NA-DRU-CO Nervozone. For one year I suffered from nervousness, but by acting upon the advice of a friend I tried NA-DRU-CO Nervozone. After using two boxes I was cured and have not been troubled with nervousness since. I would advise any person troubled with nerves to give NA-DRU-CO Nervozone a fair trial and it will cure them as it cured me."

In the strenuous rush of commerce, the severe strains of depressing social conditions, overstudy, changes of female life, or impending attacks of disease, the nerves become impaired. Irritability, Brain Worry, Sleeplessness ensue, accompanied or followed by Lack of Energy, Emissions, Impotency, Nervous Dyspepsia, Partial Paralysis, Palpitation of the Heart, Watery Condition of the Blood, Leucorrhœa, Irregular Menstruation, Neuralgia, Incontinence, etc.

All this can be cured by using

NA-DRU-CO NERVOZONE

This great medicine, like all other NA-DRU-CO preparations, is sold on the money-back principle if not satisfactory. Try it. It will cost you nothing if it fails.

NA-DRU-CO MAP OF ALTITUDES

The above plan shows a cross section of the continent from Halifax to Victoria. The plan is not drawn to scale and is not intended to give a correct view of the distances, but the elevation points indicate the comparative heights correctly.

Points marked by flags indicate branches of the National Drug Co. where large stocks of merchandise including a full range of NA-DRU-CO goods are constantly kept. Over two million dollars' worth of goods are stored at these various points.

This illustrates to our NA-DRU-CO friends all over Canada how easy it is for retail dealers everywhere to secure supplies, if they should be temporarily out of any NA-DRU-CO line.

The figures given below indicate the number of feet above the sea level. The points marked on the plan are;—

GIVE THE BABIES THE BEST

The baby cannot tell its mother what is the matter. It can only cry. Ten chances to one it is uncomfortable after the morning bath. Its tender skin cannot stand the ordinary soap. Just try NA-DRU-CO Baby Soap and NA-DRU-CO Talcum, and baby will feel comfortable all day long.

A REAL LUXURY

The increasing use of Talcum Powder is one indication of the progress of civilization. Twenty-five years ago, Talcum Powder as a toilet preparation was hardly known, but since then it has been coming into general use and now NA-DRU-CO TALCUM POWDER, which has such a delicate fragrance, and is so finely powdered and so cooling and refreshing to the skin, has become the universal favorite in Canada.

During the past year we have added ROYAL ROSE TALCUM to our list, making four toilet gems as follows:—

NA-DRU-CO TALCUM POWDER, Borated.
NA-DRU-CO TALCUM POWDER, Violet.
NA-DRU-CO TALCUM POWDER, Flesh Color.
NA-DRU-CO TALCUM POWDER, Royal Rose.

They are all made from the same absolutely pure talcum powder, but are put out in different odors. The Borated is intended for general use, while the Flesh Color is made to meet the taste of those who desire that particular tint, but they are all healing and of the very highest quality, and put up in artistically embossed containers. The Royal Rose NA-DRU-CO TALCUM POWDER has the odor of American Beauty Roses, and when used in the morning by ladies or gentlemen, it leaves in the room a most delightful fragrance.

These delightful toilet accessories are not made entirely for the dressing tables of society ladies, but the small price at which they are sold enables them to be used in every home in the land. One box at 25c. will last a gentleman one year, using it every morning after a shave, while ladies who use it profusely can make one tin of NA-DRU-CO TALCUM last from six to nine months.

After the bath there is nothing more refreshing than a dash of NA-DRU-CO TALCUM POWDER. It gives a sense of cleanliness which cannot otherwise be obtained.

It is a specific for the smarting of sunburn, while it gives a healthy, delicate appearance to the skin.

The greatest use to which Talcum Powder has been put in recent years is in the nursery. Baby's skin is kept soft and velvety by the use of any of the NA-DRU-CO TALCUM POWDERS. Rashes, scalds and prickly heat can all be avoided by the timely use of NA-DRU-CO TALCUM POWDER. A tin of NA-DRU-CO TALCUM POWDER and a cake of NA-DRU-CO BABY'S SOAP for Baby's bath will be found by every mother who uses them to be the best of the kind ever offered for sale in Canada.

Mrs. H. McCormack, Granville, Annapolis Co., N.S., writes as follows:—

"Gentlemen:—It gives me great pleasure to testify to the most excellent and undoubted merits of NA-DRU-CO TALCUM POWDER. It is the softest and most healing of any of the powders I have ever used. It is certainly the best sold in Canada."

Members of the Senate and House of Commons are paid an indemnity of ten dollars per day if the session is less than thirty days, and a maximum of \$2,500 if more than thirty days, eight dollars a day being deducted for each day of absence while the House or Senate is sitting, unless the absence is due to illness. They also receive a mileage indemnity of ten cents a mile going to and coming from Ottawa.

Mrs. R. L. Joyce, of Elgin, writes us, as she says, the first letter for purposes of publication she ever wrote. It is as follows:—

"Gentlemen:—It gives me much pleasure to write you this letter. I can truthfully say that NA-DRU-CO TALCUM POWDER is the best I have ever used.

"Wishing you much success, I remain,
Yours truly."

Mrs. Sharples, of Magog, who has a family of four little children, uses NA-DRU-CO TALCUM POWDER and never any other kind.

Miss Emma Evans, a little daughter of Mrs. B. F. Evans, of that delightful seaside resort, Chester, N. S., writes us to state that her mother likes NA-DRU-CO TALCUM POWDER better than any other kind she ever used.

Mrs. Fred W. Haire, of Geraldine, Que., writes :

"I have been using NA-DRU-CO TALCUM POWDER for my baby and I have received greater satisfaction from it than from any other I ever used."

Miss Maud M. McIntosh, Milton Brae, N. B., says:

"NA-DRU-CO TALCUM POWDER was used in our house and was found to be splendid. I cannot speak too highly of it."

We have also a large number of letters from gentlemen who have used it after shaving. For instance, Mr. A. B. Sparks, of Lumsden, Sask., says:

"I prefer it to anything I have ever used for the face after shaving," and adds, "it is up to us Canadians to buy Canadian goods."

Mr. W. Foster, of Holland Centre, Ont., says:

"NA-DRU-CO TALCUM POWDER after shaving is the best ever used."

Mr. Samuel Carew, Lindsay, Ont., writes that the use of NA-DRU-CO TALCUM POWDER has entirely cured his face and hands of a troublesome itchy sensation. He says he can highly recommend it.

A REAL BLESSING

We wish we could reproduce in these pages a true picture of the happiness NA-DRU-CO Dyspepsia Tablets have brought to so many people. No medicine ever sold for this distressing trouble has brought so much joy into the lives of so many people in so short a time. See what some people write on pages 26 and 27.

DYSPEPSIA AND HOW TO CURE IT

Dyspepsia is essentially an American Disease generally caused by imperfect mastication or improper diet. It is one of the commonest, at the same time one of the most distressing so-called minor ailments. Sometimes indigestion comes to people of careful diet, induced by natural weakness of some of the digestive

organs, but generally speaking it is caused by imperfect mastication due to the hurry of business life. Some of the symptoms of Dyspepsia or Indigestion are: distress after eating, a sense of heaviness and fatigue, pains at the pit of the stomach or in the region of the heart, a heavy, dull, painful sensation sometimes extending back under the shoulder blade, heart-burn, headache, constipation, biliousness and bad breath are all symptoms of the disease. It is not necessary that a patient should have all these to have a well marked case of Dyspepsia, any one, two, or three of them may indicate the trouble. NA-DRU-CO DYSPEPSIA TABLETS are specific for dyspepsia or indigestion. They are very

easy to take, they strengthen the stomach and digestive tract, slightly stimulate the secreting glands, counteract the burning acid taste of heart-burn and in a few days prepare the organs for normal action.

While NA-DRU-CO DYSPEPSIA TABLETS will do all this at the same time the patients should correct their habits of diet, masticate their food thoroughly, drink as little liquid at meals as possible, take plenty of outdoor exercise and use other rational means instead of continuing improper habits of living.

NA-DRU-CO DYSPEPSIA TABLETS give temporary relief, a thing so often and earnestly needed in acute cases, and will effect a permanent cure in the most obstinate cases if the remedy is persisted in for ten days or two weeks, accompanied at the same time by proper habits of living. The regular price of NA-DRU-CO DYSPEPSIA TABLETS is 50c. They can be had at all drug stores. All who are troubled with dyspepsia or indigestion should try one box and we feel sure they will never regret the purchase.

A great many people have written us about the splendid results following the use of NA-DRU-CO DYSPEPSIA TABLETS.

Mrs. Alice E. Cooper, Niagara Falls, Ont., writes:

"I wish to express my gratitude to you for the benefit I received from your most wonderful Dyspepsia Tablets. Having taken other medicines, but did not receive the slightest relief, I heard of your NA-DRU-CO DYSPEPSIA TABLETS and thought I would give them a trial. I have been completely cured of dyspepsia. I will be only too pleased to advise any one troubled with dyspepsia to give them a fair trial.

Mrs. J. Merkhuger, Waterloo, Ont., writes:

"I was greatly troubled with my stomach. I had taken so much medicine that I might say to take any more would only be making it worse. My stomach just felt raw. I read of NA-DRU-CO Dyspepsia Tablets, and a lady friend told me they were very easy to take, so I thought I would give them a trial and really they worked wonders. Anyone having anything wrong with their stomach should give NA-DRU-CO Dyspepsia Tablets a trial, they will do the rest. My stomach is fine now and I can eat any food."

Miss Eliza Armsworthy, Canso, N.S., writes:—

"It is with pleasure I write to inform you that your NA-DRU-CO Dyspepsia Tablets have proved of great value to me. I tried remedy after remedy but without any lasting good. Having heard of your tablets curing such cases as mine I decided to give them a fair trial. They proved satisfactory in my case."

We received the following expressive letter from Mr. H. J. Brown, 384 Bathurst St., Toronto.

"Gentlemen:—I have much pleasure in mentioning to you the benefits received from your NA-DRU-CO Dyspepsia Tablets and can cheerfully recommend them. I simply had confirmed dyspepsia with all its wretched symptoms, and tried about all the advertised cures with no success. You have in NA-DRU-CO Dyspepsia Tablets the best curative agent I could find. It is now such a pleasure to enjoy meals with their consequent nourishment that I want to mention this for the benefit of others. I state this, feeling that during life we should strive to do all the good we can to all those who suffer. No need of telling of symptoms—every sufferer knows them."

The other side of the case—"This car," said the agent, "will be just as good twenty years from now as it is to-day."

"It looks it," said Blinks. "What I want, tho, is a car that'll be a darn sight better to-day than it will be after I've had it twenty years."

Master Murdock A. McLeod, East Valleyfield, P. E. I., writes:

"I think there is nothing like NA-DRU-CO DYSPEPSIA TABLETS for dyspepsia. They are all they are claimed to be—a sure cure."

This trade mark on any article is your proof that it is of the finest quality. Na-Dru-Co preparations always bear it.

THE BEST EVER MADE

There never was a better preparation for broken down, worked out nervous wrecks than NA-DRU-CO NERVOZONE. It strengthens the nerves, makes them do their work, and when that is done both mind and body get back to normal. See what some people say about this great medicine on pages 18 and 19.

LIME FRUIT JUICE

What is it? It is the fresh juice of the lime, a fruit grown largely in the West India Islands. A small quantity of this juice in water sweetened to taste makes the most refreshing drink imaginable. It is far better than lemonade for the reason that it is more palatable and, besides, has a great amount of medicinal virtue. A couple of ounces of

MONTSERRAT OR SOVEREIGN LIME FRUIT JUICE

in a pitcher of water with sufficient sugar to suit the taste and allowed to stand for fifteen minutes will not only make a most refreshing drink but will make the water absolutely free from Typhoid germs if present, when they will be completely destroyed and the drink will be absolutely safe.

This is not mere hearsay. It has been absolutely demonstrated and we can furnish certificates from the Molson Laboratory of McGill University to this effect.

LIME FRUIT

This makes MONTSERRAT AND SOVEREIGN LIME FRUIT JUICE the safest possible drink for people who go into camp at the lakeside or elsewhere. Lakes and rivers frequently contain decayed vegetable matter and while the water looks all right it has been found that many cases of Typhoid Fever have resulted from using it. The use of Montserrat or Sovereign Lime Fruit Juice will render such water immune and perfectly safe to use. We put up the two kinds, Montserrat which comes from Montserrat Island in the West Indies, and is the best and purest lime fruit juice that can be procured anywhere in the world. Sovereign comes from other islands, and while it is just as pure it is not as strong and a little more should be used. These two brands are owned by the National Drug & Chemical Co. and are recommended and guaranteed to be up to the Government standard.

On farms, in cities, and every where else where a delicious beverage is desired and where drinking water is in doubt, Montserrat or Sovereign Lime Fruit Juice should be freely used. The small quantity that requires to be used makes it a cheap beverage and therefore available to every householder.

The cut on this page shows the shape of the lime fruit. They are about the size of a green gage, are yellow in color, and are well filled with refreshing juice.

We are one of the largest dealers in Lime Juice in the world. We bought during the season of 1911 thirty-seven carloads of MONTSERRAT AND SOVEREIGN LIME JUICE. The reason for this large sale is the fact that Montserrat and Sovereign are the purest and best.

Sacrificial—Sweet Girl (affectionately),—"Papa, you wouldn't like me to leave you, would you?"

Papa (fondly),—"Indeed, I would not, my darling."

Sweet Girl—"Well, then, I'll marry Mr. Poorchap. He is willing to live here."

CONSULT YOUR PHYSICIAN

NA-DRU-CO medicinal preparations are not intended to take the place of your physician's prescriptions—far from it. When you are ill you need the physician's skilful diagnosis and treatment, and it would be folly to depend on your own diagnosis and any household remedy.

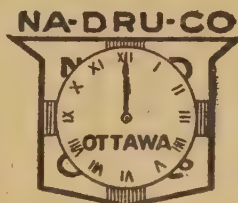

But in emergencies when you cannot get the doctor quickly, and in many other cases, a reliable household remedy is a real blessing.

To put the absolute reliability of NA-DRU-CO preparations beyond doubt or question, we are prepared to furnish to your physician or druggist, on request, a list of the ingredients in any NA-DRU-CO preparation. Ask these men, who are men of standing in your community, and in whom you place implicit confidence, all about NA-DRU-CO remedies.

If your druggist has not the particular NA-DRU-CO preparation you ask for in stock, he can get it for you within two days from the nearest of our whole-sale branches.

GIVE THE BABY A CHANCE

Don't use poor soap when washing Baby. Every box of NA-DRU-CO Baby Soap contains a certificate from Prof. Ernest J. Parry testifying to the purity of the Soap. If you do not buy a full box of three cakes, ask the druggist to let you see the certificate. The purest soap is none too good for Baby.

THE HOUSE FLY AND DISEASE

Health authorities all over the country are making war on the house fly. In the city of Montreal the chief health officer regards the common house fly as one of the chief causes of the great mortality among children in the summer months.

Each fly possesses six feet, all of which are equipped with two pads that constantly secrete a sticky substance that enables the fly to cling or stick to ceilings and slippery surfaces. Disease germs and spores adhere to these pads, and so are carried from place to place with great rapidity. These particles, though rarely of sufficient size to be seen by the unaided eye, are nevertheless constantly present, and the amount of matter thus transferred is relatively considerable on account of the fly's

activity. Where flies have access to diseased, rotten or foul matter, the transfers thus effected can be very dangerous to health. All sorts of minute organisms are carried in this way including those of diseases of man, animals or plants, and are planted wherever the fly happens to alight, it may be on foods, or in milk.

Every family should fight the fly. Besides being unhealthy, they are a nuisance, and no good housewife likes to see flies in the house, especially in the kitchen or dining room. The best fly killer made is

NATIONAL FLY SHIELDS

They have a great attraction for flies. Put one shield on a plate and moisten with water. Do not flood the shields. Put them near the window, but away from children. They will kill the flies by the million.

National Fly Shields are put up in 10c. and 5c. packages, six shields in the former and three in the latter.

They are for sale all over Canada.

Be sure and get National Fly Shields—They will not disappoint you.

GIN PILLS

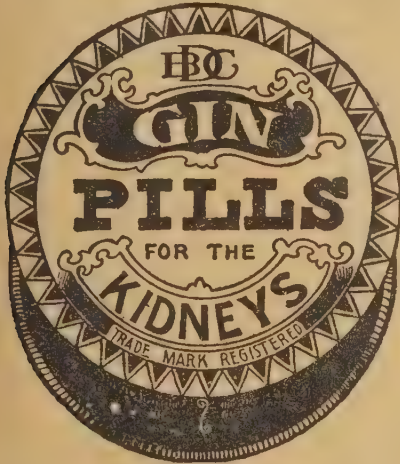

A Kidney Remedy with a World Wide Reputation

"Gin Pills for the Kidneys" are the best known, best advertised, and best selling Kidney Medicine ever offered to the public by any firm in any country in the British Empire.

We realize this is a very important statement, the truth of which we have taken some trouble to verify.

We do not think it is necessary to say more in support of our claim that Gin Pills are the best remedy known for the cure of all diseases arising from impaired kidneys, bladder or urinary organs.

We could fill this entire book a dozen times with the letters of those who have taken Gin Pills and have been cured of troublesome pains in the back, inflammation of the kidneys, scanty, scalding or too frequent urination, mucus, brick dust in the urine or acute pains in the bladder or urethra after voiding urine. Grateful men and women who have obtained relief from their Rheumatic pains have written almost countless letters of praise for Gin Pills. We regret we have not room to publish them here, but will be glad to send a little booklet entitled "For Master and Man, For Mistress and Maid," containing a few letters amongst the thousands we have received from cured and delighted users of "Gin Pills for the Kidneys."

But better than that, we will send you a free sample of "Gin Pills," that you may try them before you invest one cent in them, that you may first see if they are suited to your particular case, and, better still, if after you have bought them and find they do not do what we claim for them we will return your money.

Send for a free sample box to-day to Dept. N.A. National Drug & Chemical Co., of Canada, Limited, Toronto, Ont.

This cut is a reduced fac-simile of the regular size box of "Gin Pills for the Kidneys" and may be obtained from any Druggist or Patent Medicine Dealer in Canada, Newfoundland or West Indies, or will be sent on receipt

of price, 50c. each or 6 boxes for \$2.50, to any part of the world.

NA-DRU-CO goods advertised in this Almanac are now sold by all retail dealers. If, however, your dealer should be temporarily out of any particular NA-DRU-CO article kindly ask him to procure it for you at once; the delay cannot be long as we have a branch in every section of Canada and supplies can be readily secured. If there is undue delay write to any of our branches, sending the price and the article will be promptly sent.

HEADACHES

There is a good deal of prejudice in the country against headache cures. This prejudice is well founded as many of the headache cures contain drugs which affect the action of the heart.

NA-DRU-CO HEADACHE WAFERS are positively guaranteed not to contain anything that is deleterious. They do not contain Morphia, Opium, Phenacetine, Acetanilid, Caffein or any other drug of this kind. We are prepared to send to your doctor or druggist the name of the ingredients which enter into NA-DRU-CO Headache Wafers. At the same time we are prepared to positively guarantee their safety and their reliability as a headache cure. If they fail we will return the money every time. We appreciate the difficulty of recommending NA-DRU-CO Headache Wafers when there are so many headache powders and so-called cures on the market which are nothing more nor less than "knock-out" powders, but during the past two years NA-DRU-CO Headache Wafers have been found to be so safe that in many districts they are used exclusively and druggists cannot dispose of the other kinds they have on hand. They have the largest sale of any headache powder now sold in Canada, and we would certainly advise every person who uses headache wafers or headache cures to adopt the NA-DRU-CO kind on account of their safety and reliability.

See what the people say about them—

C. Wolff, 617 Bethune St., Peterboro, writes as follows:—"I can highly recommend NA-DRU-CO Headache Wafers as the finest preparation on the market for Headaches."

Mrs. Terence McGraw, Wine River, N.B., writes:—"A few words to let you know the good results that I have found from NA-DRU-CO Headache Wafers. They are the best I ever used. I have been subject to terrible headaches. I recommend them to every person who suffers from Headaches"

Miss Lena E. Yungblut, St. Catharines, Ont., in a letter says:—"I used NA-DRU-CO Headache Wafers and I cannot say enough in praise of them. They brought instant relief, and I would not use any other remedy unless I could not get these."

Alice M. Zimmerman, Kindersley, Sask., writes:—"It affords me much pleasure in recommending NA-DRU-CO Headache Wafers to be the very best. I suffered for some years with nervous headaches and have taken nearly every kind of headache powders and have taken four or five a day of other kinds which did me no good. I read of your NA-DRU-CO Headache Wafers and started to take them and was completely cured."

Mr. Frank J. Ray, of Bathurst, N.B., tells in his own way how NA-DRU-CO Headache Wafers cured him, "I can prove you've got good medicine, because I had an awful headache for a long time every day and could find nothing to do me good until I tried your medicine; after taking the second wafer I was completely cured."

Mr. Amos Schiedel, of Kossuth, Ont., in a very appreciative letter says: "This is to let you know that your Headache Wafers are a No. 1 article and should be in every house where any of the family are subject to sick headache. My wife had such spells of headache in the morning that she felt like pulling her hair out of her head, but after a NA-DRU-CO Wafer or two she was all right. She does not want to be without them in the house."

Mr. E. Mason, of Chipman, N.B., in writing about NA-DRU-CO Headache Wafers makes this very pointed statement: "I found them better than any headache wafer or powder I ever used."

Mr. Alex. Narlock, of Renfrew, Ont., in a letter dated April 18th, 1910, says in part: "I would not be without NA-DRU-CO Headache Wafers. I recommend them to all who suffer from headache."

Mrs. E. Hodge, 216 Morley Ave., Winnipeg, in a letter describing the result of her experience with NA-DRU-CO Headache Wafers winds up by saying:—"I think they are simply marvelous in the speedy relief and cure of headache."

Instant Cure For Headache

There is nothing more distressing than nervous or sick headache, but there is no complaint NA-DRU-CO system of Remedies cures so easily. One or at the most two

NA-DRU-CO HEADACHE WAFERS

will cure the most distressing and persistent headache. We guarantee a cure every time. If not,

YOU GET YOUR MONEY BACK.

We also absolutely guarantee that

NA-DRU-CO HEADACHE WAFERS

do not contain Opium, Morphia, Caffein, Phenacetine, Antifebrine, Acetanilid or any other heart depressing drugs. We will cheerfully tell to any doctor or druggist the contents of NA-DRU-CO Headache Wafers. More people have been cured in a shorter time with NA-DRU-CO Headache Wafers than with any other medicine, and not in a single case have any bad results followed.

THE EXACT THING TO MAKE A PURE SOAP

Prof. Ernest J. Parry, the famous English Chemist, gives the following certificate for NA-DRU-CO BABY SOAP:

"I have made a full analysis of NA-DRU-CO BABY SOAP and find it to be pure soap. It contains the exact proportions of the proper ingredients to form a chemically pure soap. I am of the opinion that it is a soap which may be used safely on the most tender skins."

Full text of the certificate will be found in every box of NA-DRU-CO BABY SOAP.

HYDROGEN PEROXIDE—"NATIONAL BRAND"

We suppose there are a good many people who do not know what Hydrogen Peroxide is, but we predict within ten years it will be better known than any other medicinal preparation that ever came from the hands of the chemist, and will be universally used as a household remedy.

While it has been known to science for many years, and was used in surgery before the advent of antiseptics, it was not generally used by the people owing to its high price and tendency to explode.

Five years ago our Chemists were able to overcome all the objections, and to produce such an article that Professor Bemrose issued a certificate of its purity, strength, and non-explosive properties. To distinguish this article from impure and explosive preparations we call it the

"NATIONAL BRAND" HYDROGEN PEROXIDE

and guarantee it to be satisfactory to every user.

Since the properties of the National Brand became known its sale has increased enormously.

One young lady, Miss Mable Morris, of Advocate Harbour, N. S., sounds the popular note in a postscript to a letter she wrote on other business. It is as follows:—

"P.S. Tell me if it is your firm that makes the Hydrogen Peroxide. I consider it better than other firms. It was "National" something Co. on the bottle but I have forgotten the address."

Then in a letter some days later Miss Morris writes: "I'm sure it is your firm after all. I have just found an empty bottle———. I can truly say when I can get your brand I will use no other."

"National Brand" Hydrogen Peroxide is an absolute cure for sore throat, cuts, wounds, scalds and burns, chronic sores, catarrh, flatulency and a hundred other every day ailments. For the toilet it is the best mouth wash we know of, it will bleach hair, is useful for manicuring, is a good thing after shaving and cures pimples, blackheads and blotches.

We have printed a little book called "The Everyday uses of 'National Brand' Hydrogen Peroxide." We will send you this book for the asking. "National Brand" Hydrogen Peroxide can be had at all drug stores in three size bottles, 25c., 50c., and \$1.00.

In a Chicago school a class was studying irregular plurals of nouns, when it was asked by the teacher to give the plural of "child." Then it was that little Edgar, who knew how it was at home, promptly answered, "Twins."

An Irishman was explaining American institutions to a green countryman. "A savings bank," he said, "is a place where you can deposit money to-day, and draw it out to-morrow—by giving a week's notice."

COUGHS AND COLDS

Nearly every person is subject to coughs and colds especially during the fall and winter months. In most cases coughs and colds pass off without much harm being done, but so many bad results follow that they should not be neglected.

A great many remedies have been devised for the cure of coughs and colds but none are equal to

Na-Dru-Co Linseed, Licorice and Chlorodyne

This is now the National remedy and its action is good in every climate. Linseed has been known for ages as a good old household remedy as it loosens up the phlegm and is regarded as a good expectorant. Licorice has also been

known for a long time as a good old remedy for coughs and colds, while Chlorodyne has been prescribed by physicians for many years. Chlorodyne is a compound preparation containing a small quantity of chloroform and is regarded as a very stimulating expectorant. While it is true that any one of these articles is good in itself, we are happy to state that the combination of the three has resulted in the best preparation for coughs and colds ever put upon this or any other market. This combination is known as NA-DRU-CO LINSEED, LICORICE AND CHLORODYNE and is for sale all over Canada in two sized bottles, 25c. and 50c., each.

We give a cut of this preparation on another page.

We ask the people to make themselves acquainted with its appearance so that they will not be deceived when they come to buy this remedy.

We have received more letters from grateful people about NA-DRU-CO Linseed, Licorice and Chlorodyne than any other of the wonderful NA-DRU-CO List.

Jas. A. Deschamps, Penetanguishene, in a letter uses the following words:—"At the time that I got your almanac my wife had a severe cold, and seeing the preparation NA-DRU-CO Linseed, Licorice and Chlorodyne for coughs and colds, I decided to buy a bottle and I must say that anyone suffering from a cough or cold will get almost instant relief in using this preparation."

Patrick Holland, East Baltic, P.E.I., writes:—"I suffered from a hacking cough for over two months. I tried several other remedies but they failed to cure me. At last I tried NA-DRU-CO Syrup of Linseed, Licorice and Chlorodyne and got such relief that I tried more, and after using three bottles was absolutely cured."

Miss Phyllis E. Waters, 145 Mecklenburg St., St. John, N.B., in a letter states:—"It gives me great pleasure to recommend NA-DRU-CO Syrup of Linseed, Licorice and Chlorodyne as I have found it a very efficient remedy for coughs and colds. A few doses completely cured me." Miss Waters in an accompanying letter uses the following paragraph which we value more than the testimonial itself. She says: "I hope my little testimony will be of some value to you. It is not at all sensational, but it is perfectly true."

Miss Maud McKnight, St. Stephen, N.B., makes use of the following in a letter:—"For a cough medicine I think NA-DRU-CO Linseed, Licorice and Chlorodyne has no equal."

Wesley Fader, Hainsville, Ont., writes as follows:—"During the winter season I frequently take a cold which usually results in hoarseness and sore throat. In the month of February I had an attack of the old trouble, but fortunately having heard of NA-DRU-CO Linseed, Licorice and Chlorodyne I procured a bottle and a few doses relieved the hoarseness, allayed the inflammation and soothed the roughness of my throat. I cheerfully recommend it to all who have suffered in a similar way."

Mrs. Samuel Ford, Ravenswood, Ont., writes:—"We have used your NA-DRU-CO Linseed, Licorice and Chlorodyne in our family for the past winter and think it unexcelled."

Miss Florence Fashay, Chisholm, Ont., writes as follows:—"During the winter I contracted a severe cold which left me with a bad cough. One bottle of NA-DRU-CO Linseed, Licorice and Chlorodyne completely cured me. I consider it the best cough cure I ever used."

Miss Bertha M. Wynacht, Woodstock, N.S., writes as follows:—"It affords me more than ordinary pleasure to convey not only to yourselves but to all sufferers from coughs and colds the instant and complete cure that NA-DRU-CO Linseed, Licorice and Chlorodyne effected in my case. I suffered from a cough and cold for about three months and nothing seemed to do it any good. I heard of your medicine and got a bottle at once. I am very glad to say now that my cough is completely cured."

Peter Guthrie, Tetlock, Ont., says, "I had a bad cold and hearing about your medicine I thought I would try a bottle of NA-DRU-CO Linseed, Licorice and Chlorodyne. After taking one bottle I found a difference and now my cold is completely cured."

J. Seward, Bromptonville, Que., writes as follows:—"Two weeks ago I took a severe cold which settled on my lungs and my chest was very sore, breathing tight and severe hacking cough. I was feeling miserable. I bought a bottle of NA-DRU-CO Syrup of Linseed, Licorice and Chlorodyne and after a few doses I felt great relief and I went into a sound sleep, a thing I was not able to do for some nights. Next day I was able to be around again and before completing the bottle, felt as well as ever. It is a fine cough and cold cure and you may truthfully say "NA-DRU-CO the Best."

N. Graves, Elgin, N.B., says: "It is with pleasure that I certify to the wonderful success I have had with NA-DRU-CO Linseed, Licorice and Chlorodyne. I had a bad cold and only took one dose when it gave me relief and when I had taken a bottle my cold was cured."

P. C. Desjardins, St. Jerome, Que., writes:—"For a good hard cold take NA-DRU-CO Syrup of Linseed, Licorice and Chlorodyne. It cured me when all others failed."

Miss Sara McCutcheon, West Brome, Que. "Three months ago I was taken with a bad cold on my chest and tried all kinds of medicine. They failed to do me any good. I was advised by an uncle to use NA-DRU-CO Linseed, Licorice and Chlorodyne which I did and it completely cured me. I only took two bottles. I can recommend it as a splendid medicine."

Mrs. Alice Rebagliati, Lytton, B.C., says. "I think NA-DRU-CO Linseed, Licorice and Chlorodyne the best I ever used. My children and myself had very bad colds last winter. I only used one bottle on them and they are cured. I live in a small place and cannot get it here so I have to send away for it."

Francis Govang, Leger Corner, N.B., writes:—"I had been suffering for two months with an obstinate cough as had also my little sister. I tried several remedies without obtaining any apparent relief, in fact were growing worse. My mother bought us a bottle of NA-DRU-CO Syrup of Linseed, Licorice and Chlorodyne and inside of two days the cough was stopped and the results so permanent and rapid that we decided to keep NA-DRU-CO Linseed, Licorice and Chlorodyne constantly in our house."

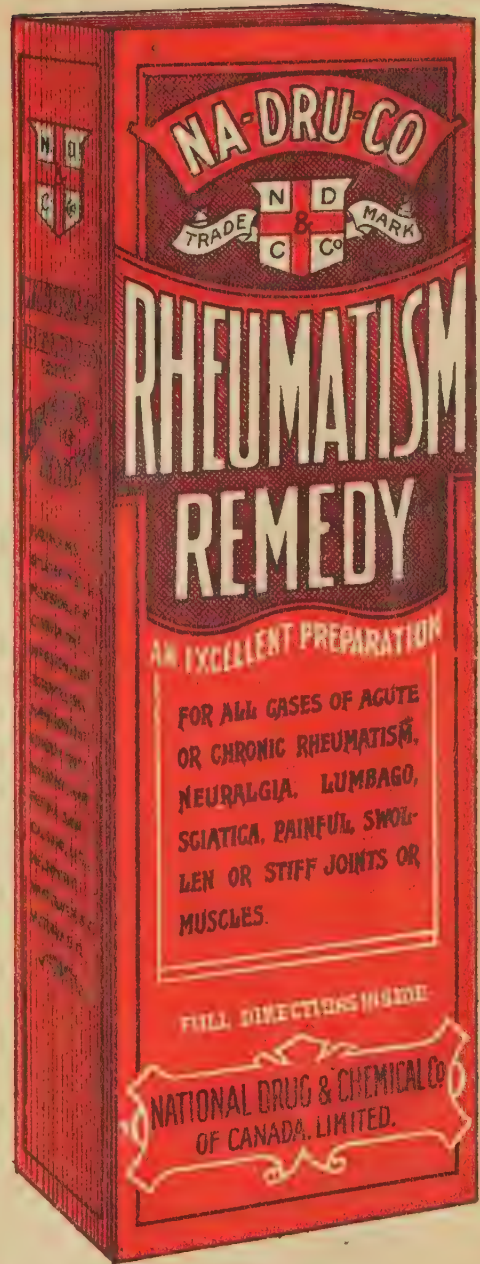

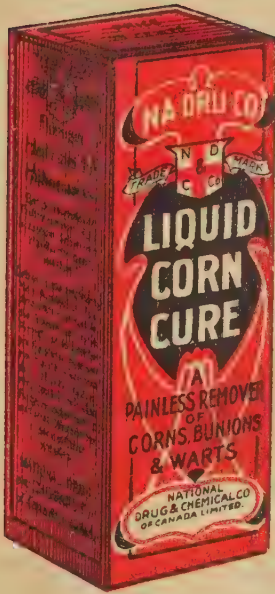

Miss Florence Grantmyer, 14 Lovers' Lane, Sydney, B.C., writes as follows: "I feel that NA-DRU-CO Syrup of Linseed, Licorice and Chlorodyne is better than any other cough cure I have ever tried and everybody I have recommended it to thinks the same. All my family have tried it with good results."

BABY'S BOOK

We have issued an important little booklet called **Na-Dru-Co Baby Biography Book**, which gives careful directions for the care and treatment of Babies. Every mother should have one of these books, and we will gladly send a copy post free upon receipt of application. The book tells how to keep the skin soft and smooth, how to treat the baby during the trying period of teething, and gives full directions as to diet. The usual baby ailments are fully described and remedies suggested. The book contains 32 pages, is beautifully printed and illustrated, and in addition to the care and treatment of babies, it has a place for the date of baby's birth, the signature of the parents and grandparents, physician and nurse; when baby's first tooth came, when it sat alone, when it walked, name of godfather and godmother, etc., etc. Another important feature is baby's weight. The book tells what the average weight at birth is, and what baby should weigh at various periods the first year, with a place for registering the weight each week.

SORE FEET AND HOW TO CURE THEM

A very useful thing in the house is **NA-DRU-CO ANTISEPTIC FOOT POWDER**. It produces a feeling of relief and comfort that cannot be obtained by any other means. It is a positive cure for tender, tired, sore, itching or sweating feet, and prevents foetid perspiration. After bathing the feet and wiping them dry the powder should be rubbed on, a little should be also sprinkled in the socks and shoes.

It is very cheap—only 25c. a tin. The tin is large and should last three months or more, even if used daily.

Any of our branches can supply it for 25c. if you cannot get it near home.

Here is a pretty quibble from the new edition of "Logic for the Million," which Sharper Knowlson has prepared:

David said in his wrath: "All men are liars."

Therefore, David was a liar.

Therefore, what David said was not true.

Therefore, David was not a liar.

But if David was not a liar, what he said was true—namely, that all men are liars.

This trade mark on any article is your proof that it is of the highest quality. **NA-DRU-CO Medicinal and Toilet Preparations** always bear it.

NA-DRU-CO TOILET PREPARATIONS

NA-DRU-CO Toilet preparations are all gems in their line—nothing ever made in Canada equals them for style and genuine toilet merit. They are useful to and appreciated by all society leaders or ladies of more domestic tastes, and every person else, man or woman, who wishes to know the best and get the best.

We very briefly mention the uses of NA-DRU-CO toilet preparations in the following list.

NA-DRU-CO BABY SOAP.—Price 10c. Cake

For baby's tender skin a pure soap is a great comfort to the little body. Nearly all soaps, especially cheap ones, have too much alkali. The stronger skin of the grown-ups does not feel the alkali, but it smarts the baby. Always use NA-DRU-CO Baby Soap and baby will cry for the bath instead of in the bath. NA-DRU-CO Baby Soap is very pure, is nicely and delicately perfumed and very smooth.

NA-DRU-CO COMPLEXION SOAP.—10c. a Cake

This is a high class toilet soap intended for more general toilet use than Baby Soap, but of the same absolute purity. When used in hard or soft water it produces a smooth and exceedingly pleasant sensation. We refer every person interested in pure soap to the certificate from an eminent chemist on the next page.

NA-DRU-CO RUBY ROSE COLD CREAM.—Price 25c.

This preparation is, we believe the most exquisite toilet preparation ever put out in Canada. The delicate odour, the nature of the cream itself, and the soft, velvety sensation of the skin after its use, appeals to every lover of a high class toilet requisite.

NA-DRU-CO SHAVING STICKS.—25c. Each

This line deserves special mention. It is the very last word in shaving soaps. Put up in beautiful sanitary glass boxes and possessing all the higher qualities of a shaving soap it should be in the hands of every lover of a good shave. NA-DRU-CO Shaving Powder, put up in a glass bottle with a sifting top, is made of the same quality as the sticks but a lather can be produced in a shorter time. Some like the sticks, others like the powder, but all say NA-DRU-CO is the best.

OTHER NA-DRU-CO TOILET ARTICLES

can only be briefly listed, as we have no room for lengthy descriptions. It is sufficient to say they are all the best of their kind.

CERTIFICATE OF PURITY

Every box of NA-DRU-CO Complexion Soap contains a copy of the following certificate from one of the most famous English Analytical Chemists, ERNEST J. PARRY, B.Sc., F.I.C., F.C.S.,

A like certificate also accompanies every box of NA-DRU-CO Baby Soap.

I have made a full Analysis of NA-DRU-CO COLD CREAM COMPLEXION SOAP and find it to be a Pure Soap, containing no trace of either free alkali or free fatty acids, it contains the exact proportions of the proper ingredients to form a chemically Pure Soap.

The perfume employed is free from any traces of acid or other irritating ingredients.

I am of the opinion that this is a soap which may be safely used on the most tender skins, it is perfectly free from anything but quite neutral ingredients, and is a soap of the highest degree of purity.

NA-DRU-CO TALCUM POWDER ENDORSED

This fragrant, refined and satisfying Toilet powder is being used all over Canada. From every province come words of praise. It has gone into all kinds of homes, rich and poor, in city, town, village, country. All classes have used Na-Dru-Co Talcum Powder and all classes appreciate it. It is not a face powder, yet the very best face powder made. It tones down the over red face and at the same time cools it and gives the face a grateful feeling of comfort and smoothness. It has a dozen other uses—in the nursery, after the bath, after the shave, for chafing, itching and perspiring skin. No one, young or old, should be without a tin of Na-Dru-Co Talcum, it adds so much to the comfort of the person.

NA-DRU-CO Tooth Pastes, Talcums, Creams and Soaps are the best for the money in the whole world. See list on pages 51 and 52.

A doctor who was spending a rare and somewhat dull night at his own fireside, received the following message from three fellow-practitioners:—
“Please step over to the club and join us at a rubber of bridge.”

“Jane, dear,” he said to his wife, “I am called away again. It appears to be a difficult case—there are three other doctors on the spot already.”

Revenged—“Johnny, I have great news for you; I am to marry your sister. What do you think about that?”

“I think it serves her right.”

On his way—Patient—“Say, that isn't the tooth I want pulled.”
Dentist—“Never mind, I'm coming to it.”

NA-DRU-CO GOODS AND THEIR USES

We regret very much that space will not allow us to give more than a brief summary of what NA-DRU-CO goods are good for in the following six or seven pages, but we hope the briefness of the statements will induce every person into whose hands this almanac goes, to read them. It will be worth while. The list in itself shows the comprehensive range of NA-DRU-CO products, and the subject matter will give a fair idea of the great merit of the goods, although a trial is the only genuine test of merit. Thousands of Canadians have supplied the household medicine chest with NA-DRU-CO goods and now regard them as the most economical investment possible, besides being a faithful friend and sure resource in time of need.

We have several hundred testimonials about single NA-DRU-CO preparations, but many grateful people write us about the whole line of goods, having used many of them and now regard NA-DRU-CO as the last word in Medicinal and Toilet preparations, and keep no other in their houses.

We take a line or two from letters in our possession which may fairly be accepted as representative of the sense of appreciation of NA-DRU-CO goods all over the country.

HOW IS YOUR COMPLEXION?

NA-DRU-CO GREASELESS TOILET CREAM came at once into ready sale all over Canada. This is due to the fact that it is an honest article. It makes no claims it cannot fulfil. It does just as it is advertised to do. It is

not used by ladies only, it is a splendid after shave application, as many have testified; but its natural and most useful place is on the ladies' toilet table.

If women are possessed of a clear, beautiful skin it is their duty to their husbands, families and friends to keep it clear and beautiful; if unfortunately nature has not so endowed them and they are too dark, too pale or too red, rough or sallow, it is equally their duty to improve themselves if they can. Fortunately for them science and the toilet chemists have put in their way NA-DRU-CO GREASELESS TOILET CREAM, the most harmless and at the same time the most effective skin beautifier. This really wonderful cream is a skin food,

purifying, beautifying, cleansing and softening the skin. It is not sticky or greasy but vanishes (by absorption) almost as soon as it is applied, leaving the skin soft and velvety and the complexion clear and healthy looking. Na-Dru-Co Greaseless Toilet Cream is delicately perfumed, producing a sense of satisfying refinement.

Prepared in the Na-Dru-Co Department of the National Drug & Chemical Co. of Canada, Limited. Price, 50c.

HOW TO CURE DANDRUFF

Dandruff can be quite easily cured by washing out the hair three or four times a week with soft water and SAVODERM SOAP. As this soap is also a first class toilet soap—and as everybody uses toilet soap,—it costs nothing additional to cure dandruff. SAVODERM SOAP is green in color—due to the medicinal ingredients it contains—and is not highly perfumed, but carries a quiet delicate odour, which makes it as useful for toilet purposes as any other make, but when its curative properties are considered, the combination makes it the best soap we know of. While it can be used every place where high class Toilet and Medicinal Soap should be used, it is especially valuable in Dandruff, a thing so offensive to the feelings of sensitive people. SAVODERM SOAP can be had at Drug Stores, or, if not convenient, from any branch of the National Drug and Chemical Co. Price 25c.

"By first putting down the date of the month, multiplying by two, adding five, multiplying by fifty, adding your age, subtracting three hundred and sixty-five, and adding one hundred and fifteen, you will find the two right hand figures will always give your age."

This trade mark on any article is your proof that it is of the finest quality. NA-DRU-CO Toilet and Medicinal Preparations always bear it.

A GENTLEMAN'S TOILET

A gentleman's Toilet Table may be considered complete if it contains:

Na-Dru-Co Shaving Soap
 Na-Dru-Co Greaseless Toilet Cream
 Na-Dru-Co Talcum Powder
 Na-Dru-Co Tooth Paste
 Na-Dru-Co Camphor Ice
 Na-Dru-Co Shaving Powder
 Na-Dru-Co Shaving Cream

If he travels they are all easily packed. They will be found a great luxury at home or abroad. The name of all of them indicates their use. Perhaps the traveller who reads this may think NA-DRU-CO Greaseless Toilet Cream has no place in his kit. This is a mistake; it is one of the most soothing and delightful after shaves ever used. It stops smarting and gives the face a soft velvety feeling. A gentleman at Fort William says it is charming. After its application the slightest touch of NA-DRU-CO Talcum Powder gives a finishing touch to the morning shave. For the rest of the day there is a genuine feeling of satisfaction and comfort, to say nothing of the delicate fragrance imparted.

Speaking of Talcum Powder

as indispensable to the gentleman's toilet table does not mean that its use ends there, and it is a mistake to suppose that Talcum Powder is a toilet luxury to be used only by the rich. The idea of making everything bearing the NA-DRU-CO brand the best of its kind widened the field for Talcum Powder. The exquisite purity and delicacy of perfume of NA-DRU-CO TALCUM POWDER are making places for it never before thought of. It gives to the well-dressed lady, not only a sense of comfort, but an atmosphere of refinement; while to the maid in the kitchen it is a refreshing addition to the simple evening toilet.

"So," said the good man, "you intend to be a doctor when you grow up."

"Yep," Tommy replied.

"And why have you decided upon the medical profession?"

"Well, a doctor seems to be the only man that keeps on getting paid whether his work is satisfactory or not."

A GOOD SHAVE—THE NA-DRU-CO WAY

How to shave and enjoy the operation and feel fresh and good natured after it, cannot be answered except by those who have had experience and have watched results of every detail. A good shave is a great luxury, a bad shave is a source of discomfort for the whole day.

A good razor, a good stop, a good brush and good soap are all necessary for a good shave. The following is the NA-DRU-CO way of shaving. Wet the face with the brush full of warm water. Rub the beard two or three times over with the end of NA-DRU-CO shaving stick, then work up the lather on the face with the brush. Do not rub in the soap with the fingers. One minute with the brush will produce an even creamy lather all over the beard. NA-DRU-CO Shaving Soap is the best for this purpose. A foamy or thin watery lather is no good, it lets the air in and the beard becomes dry. NA-DRU-CO Shaving Soap produces a lather of the consistency of thick cream. This keeps the moisture in and the beard moist, and the process of shaving becomes a pleasant operation. This soap enables shavers to take their time and make "once over" enough, which is enough for a man who shaves every day; if, however, twice over is preferred enough soap will be found in the brush to do.

It is important to work up the lather on the face. The fine creamy lather cannot be produced in a mug or any other way, besides rubbing the shaving soap on the face is most economical, as one stick will last six months.

The glass case NA-DRU-CO Shaving Soap is put up in is a great improvement. It can be washed out and made sweet and wholesome as often as desired. Metal or leather cases become rusted and unsanitary.

If NA-DRU CO Shaving Soap cannot be procured at your dealer's send to any of our branches, but this will not be likely as it is having a very large and general sale. Price 25c. per stick in glass box.

B. D. C. FORMALDEHYDE

During the past few years this brand of Formaldehyde has been used by scores and hundreds of farmers, and we have not had one single complaint, but on the contrary we have had the most flattering commendation, both from farmers and druggists, of its uniform value as a smut destroyer.

This trade mark on any article is your proof that it is of the finest quality. Na-Dru-Co preparations always bear it.

THE ROYAL ROSE

The truly Royal Flower is the red, real Rose. It is one of the most perfect samples of nature's handiwork and the most fragrant blossom that blooms. The matchless essence distilled from this Royal Flower is used to perfume NA-DRU-CO Royal Rose Talcum Powder.

Hundreds of ladies have said when they enter the dressing rooms of their friends: "Why, where do you keep the roses?"

The reply is: "I do not keep roses, I use NA-DRU-CO Royal Rose Talcum." One dash of NA-DRU-CO Royal Rose Talcum will fill the room with fragrance and surround the person for hours with the pleasant refreshing odor of the Royal Rose.

One package of Royal Rose Talcum will last a lady six months. Think of it, 50 cents a year for the most delicate at the same time the most penetrating perfume, to say nothing of the comforting and refreshing sensation following the use of the

FINEST TALCUM POWDER MADE

For gentlemen after shaving, it is a real pleasure. It cools and heals the face, and the lingering atmosphere of roses adds character to the morning toilet. For this purpose, one package of

NA-DRU-CO ROYAL ROSE TALCUM WILL LAST 365 DAYS

Look out for the package. The red, red Rose embossed on every tin. 25 cents everywhere.

In the light of reason.—A farmer returning home late at night, found a man standing beside the house with a lighted lantern in his hand. "What are you doing here?" he asked, savagely, suspecting he had caught a criminal. For answer came a chuckle, and—"It's only mee, zur."

The farmer recognized John, his shepherd.

"It's you, John, is it? What on earth are you doing here this time o' night?"

Another chuckle. "I'm a-coortin' Ann, zur."

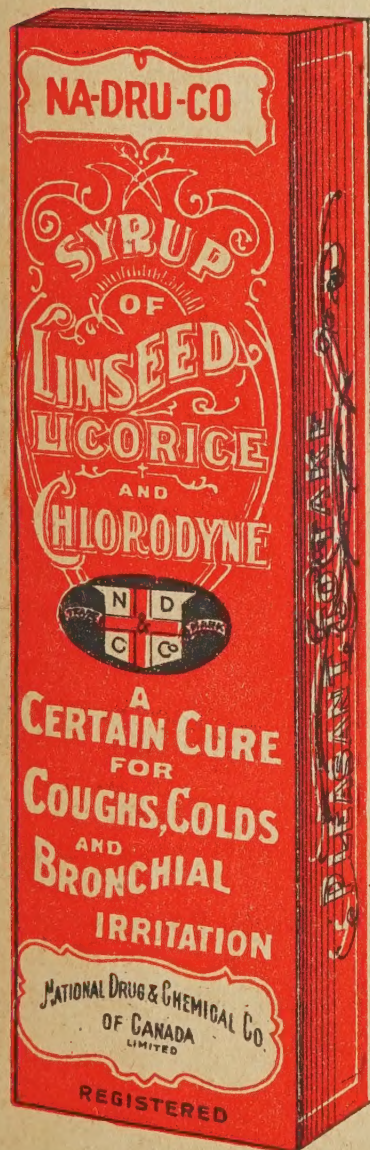

"And so you've come courting with a lantern, you fool. Why, I never took a lantern when I courted your mistress."

"No, zur, you didn't, zur." John chuckled. "We can all zee you didn't, zur."
